Overview

- **Applicant Tracking System.** Maintain relevant data of candidates, including skills, open jobs, communications, references, etc.
- **Import resumes** such as Word, PDF, EMail, and HTML (Monster, Careerbuilder) into staffITpro within seconds. staffITpro automatically recognizes Name, Gender, Address, Phone, EMail and Homepage.
- **Online candidate portal:** Upon request we will install your own internet job market. All open jobs will automatically be shown on the Internet. Candidates can apply and upload their resumes into your staffITpro database.
- **100% Matching guarantee:** Find the exact matching resume to your open positions in a minimum amount of time.
- **Integrated Customer Relationship Management:** Keep track of all your business contacts, bridge the gap between your sales and recruiting team.
- **Position Module:** Automatically generate your requirements and transfer job postings to your website, inform partners and candidates in seconds about open jobs.
- **Outlook Synchronization:** Add all important tasks and appointments directly in staffITpro and synchronize it with Outlook.
- **Contact Manager:** staffITpro stores all contacts to Candidates, Clients and Jobs in the corresponding contact manager. All outgoing and incoming EMail are automatically stored in the contact manager.

staffITpro is web based. Work anytime. Anywhere.
